Expression of Interest for one (1) position of Postdoctoral Researcher or PhD Candidate

The National Hellenic Research Foundation (NHRF), in collaboration with the German Cancer Research Center (DKFZ) in Heidelberg, Germany, invites interested parties to apply for (1) post-doctoral or PhD candidate position within the activity "Data integration, biobanking and Omics Technology" of Athens Comprehensive Cancer Center as follows:

NECESSARY QUALIFICATION

- Ph.D./MD degree in Biomedical Sciences or Life Sciences, e.g. Medicine, Human Biology, Biology, Bioinformatics
- Experience with medical documentation, clinical medical records or patient registries
- Familiarity with molecular biology processes and genomic data (genes, variants, pathways, ...)
- Experience with scientific presentations and journal publications
- Affinity for Information Technology (IT) solutions in research settings
- Very good command of English, both written and spoken
- German language skills will be helpful, though not required

You will complement our interdisciplinary team of scientists, software developers, designers, physicians and bioinformaticians to unlock the vast potential in research data, both clinical and genomic, to enhance research and benefit patients.

The position is based at Heidelberg, Germany for 24 months, with the possibility that part of this period will be spent in Athens, depending on the project needs. The total monthly amount is 1500 Euro per month for the doctoral candidates and 2500 Euro per month for the Post-Doctoral Researchers.

Interested parties are requested to send a curriculum vitae (and contact information for two letters of recommendation) electronically to

Prof. Dr. A. Chatziioannou, e-mail: achatzi@eie.gr

Institute of Biology, Medicinal Chemistry and Biotechnology, National Hellenic Research Foundation.
